

Instructions | Part#: 995-8640
John Deere, Sanden Compressor Mounting Kit

Fits John Deere Models: 8440, 8640 Tractors

Must Re-use Original Belt Tensioner Bracket. Allows for the use of OE Quick Coupler Bracket.

1. Attach OE adjuster strap (**part#: R46099 for 8440 - or - R49594 for 8640**) as pictured, to mounting hole on top of bracket (supplied in kit).
2. Re-use original quick coupler support bracket, (**part#: R67070**).
3. Threaded pins bolt into slotted holes of lower rear mounting bracket (supplied in kit). Install OE line bracket (**part#: R67070**) on opposite end of threaded pins as pictured.
